

Verwood Town Council

Grant Aid Policy

Background Information

The contribution made by many organisations and individuals to the wellbeing of the local community is recognised by the Council as important to our society. *Verwood Town Council is able to use the Power of Well Being.*

The purpose of any grant given by Verwood Town Council is to support initiatives in the local community and to help create opportunities for the residents of the Parish of Verwood and Three Legged Cross that are not, as a matter of course, funded by the Council. Applications will be considered for day-to-day running expenses or for a specific purpose.

The Budget Setting meeting of the Council sets an amount from which grants will be allocated during the following financial year. Once the Grants budget is exhausted, the Town Council will only consider emergency requests for assistance and generally only from organisations to which it has close links.

Grants are awarded twice a year in April and October. The deadlines for applications are 1st March and 1st September respectively. Any grant aid requests received after these dates will be considered at the next application date.

There is a limited budget available each year and guidance will be given to applicants as to how much money is available in a specific financial year. It is important that all questions on the application form are fully answered and that any appropriate additional information, which supports an application, is provided. It is expected that applicants will seek advice from the Town Clerk on these matters.

Separate arrangements are in place for those organisations subject to a Service Level Agreement to provide services to the community.
